Vermont OPEN Studio

Open Studio Weekend is a celebration of the creation of craft and artwork and the work life of Vermont artists. A new generation is embracing hand made, repurposed, utilitarian, and limited production work. These artists are joining many who have been working at their art practice for a decade or more. Take a look through this booklet and go online to www.vermontcrafts.com/visit-open-studio/ to see more about the great variety of artists, sites and artwork you are offered during this event. Check the website for artists who signed up to participate after this booklet was printed.

At press time, there were 29 studios that are new to this event.

Tour Loops

A tour loop is a grouping of studios that are loosely connected to each other via some of Vermont's main roads. They take some of the planning out of touring for Open Studio Weekend as they can be easily visited in one day or over the course of a weekend. We hope they are a useful tool that makes discovering Vermont's rich cultural and natural beauty a bit easier. Of course these loops are the ones we came up with but many other tours are possible and we encourage you to make your own.

What Are Information Centers for Open Studio Weekend?

For Open Studio Weekend, small galleries around the state serve as places to pick up a map and find more information about the local visual arts community. In many cases these galleries are officially designated Vermont State Craft Centers, however, all are worth getting to know and visiting at other times of the year.
